

# CLARK COUNTY PUBLIC HEALTH SCHOOL HEALTH AND SAFETY PROGRAM 2021 FEE SCHEDULE

The definitions and fees listed below are for general informational purposes only.  
Please consult Clark County Public Health (CCPH) with the specifics of your operation.

## SCHOOL PLAN REVIEW

One time only fee paid before beginning construction of a new school, remodel project or portable relocations. Plan review fees vary depending on the type and additional components of the project.

7016	Site Review	\$ 665
A review of a proposed site or existing structure planned for a new school that has not been previously utilized or designed for a school. The School Health & Safety Site Review is a separate review from the CCPH Land Use Development Review.		
7011	Small New Construction	\$ 887
A review of a new construction school plan that is 35,000 square feet or less and does not include advanced curriculum classrooms. There is a separate fee for the occupancy inspection(s).		
7017	Elementary New Construction	\$ 1,478
A review of a new or replacement elementary school building. There is a separate fee for the occupancy inspection(s).		
7018	Middle/High School New Construction	\$ 2,070
A review of a new or replacement middle, junior or high school building. There is a separate fee for the occupancy inspection(s).		
7012	Remodel	\$ 1,257
A review of a remodel project of an existing school. Projects requiring review may include classroom additions, remodeling an existing cafeteria, student store or curriculum-based food service, changing the designation of a classroom for advanced curriculum, installation of a permanent modular, or any remodel work that impacts a student occupied area. The size and scope of the remodel project may require an additional hourly service charge(s). There is a separate fee for the occupancy inspection(s).		
7013	Portable Addition	\$ 370
New or relocated portable classroom buildings that students will occupy. Number of fees assessed will be based on the number of unique plans submitted for review. There is a separate fee for the occupancy inspection(s).		
7019	Cafeteria Food Service Operation Plan Review	\$ 739
A review of food handling policy and procedures for a new cafeteria food service that has not been previously approved or permitted.		
7020	Student Store Food Service Operation Plan Review	\$ 527
A review of food handling policy and procedures for a new student store that will serve food to other students and staff. This is required for student stores that have not been previously approved or permitted.		
7021	Curriculum-Based Food Service Plan Review	\$ 591
A review of food handling policy and procedures for a new curriculum based culinary course that will serve food to other students or cater to the public. This is required for curriculum-based food service that has not been previously approved or permitted.		
7023	Playground Modification Review	\$ 591
Minor upgrades to an existing playground including adding or moving equipment within an established play area or the addition of nature play area. There is a separate fee for the playground inspection after installation is complete.		
7022	Playground Plan Review	\$ 1,183
New or relocated playground equipment included in a new/replacement school project or adding a new playground area to an existing school. There is a separate fee for the playground inspection after installation is complete.
